Election '78

Tuesday's General Election presents us with an opportunity to exercise a very important right in a responsible Christian way. The men and women who receive our votes and the issues which receive our approval or disapproval are means by which the Kingdom of God on earth is hindered or helped. Vote on Tuesday!

The final series regarding Proposal "H" (the Voucher Proposal) is printed in this paper. Please read the final installments before voting on Tuesday.

Bazaar Is On

The third annual County Christmas Bazaar sponsored by the Parish Activities Commission is in full swing this weekend. It has been a most successful adventure in the past and this year is no exception. To all who have planned over these many months, to those who donated products of personal talent and to all who have patronized this endeavor, a sincere thank you.

Parish Disco

A gala time is planned for Saturday evening, November 11, 1978. The Parish Activities Commission has planned a Disco night to take place in the church hall. Karma Productions from Ann Arbor will provide the music and special effects. Don't worry if Disco does not match your soft shoe. **Free Instructions** will be offered to anyone who desires them prior to the evening of dancing. Disco instructions begin at 8:00 p.m. The regular dance will begin at 9:00 p.m. Come, bring your friends, and enjoy!

Anointing of the Sick Celebration

There is no direct connection between this item on Anointing and the previous Disco announcement. The parish will celebrate a communal Mass of the Anointing of the Sick on Saturday, November 18 at 10:00 a.m. in the church. Any person suffering illness from sickness or the effects of advancing years is welcome to participate in this special celebration of the Lord's healing love. More next week.

Election Day - Tuesday, November 7, 1978 - Exercise your citizenship and **vote** on November 7.

First Communion Reminder

The fourth session for First Communicants and their pareents is Monday evening, November 6, at 7:30 p.m. in the church hall.

Second High School Workshop

All high school students who have signed-up for the Sunday religious education workshops are reminded that the next workshop will take place Sunday, November 12 here at St. John's from 1:30 until 4:15 p.m.

This session is called "160 Minutes" and will address the topic of Christian involvement in the world -- the Christian as a person of prayer and reflection, and the resulting tension between the two.

Once again, we would like to stress the fact that these workshops are open to all high school students on a basis of all-eight in the series or one, two or three of them, etc. Registration in advance is encouraged by calling Mike Whalen at 483-6396, but registration at the door will be accepted. The fee for the workshops is all 8 for $30.00 or $5.00 per workshop.

The Voucher and Justice

Basic Fact III - Vouchers are not Parochiaid

To label Michigan property tax-/voucher proposal as parochiaid is a deliberate effort to mislead the voter. Parochiaid was designed to assist non-public students — to give them a portion of the tax funded educational benefits other students receive. The voucher affects public school students much more than non-public, since there are nine times more public school students. It gives them freedom of choice among schools; it gives parents the control of the education of their children, and it provides the benefits of the American competitive principles to the school system where a virtual monopoly now exists.

Concerned parents see in the voucher plan the opportunity to limit the escalating costs of education, to reverse the trend of declining achievement test scores, to promote consistent student attendance at school, and to reduce the current vandalism and general decline in discipline. The reason is simply — the schools will have a better educational environment.

* * * *

Parents, not the government, should determine what is taught to children above and beyond the minimum State requirements. Proposal H will allow parents this choice.

St. John's Bingo
Wednesdays
Doors Open 6:30 p.m.

Worship Commission Notices

There will be no Choir Practice this Wednesday evening, November 8.

There will be a Banner Workshop for all members on the Banner Committee on Wednesday, November 15th at 6:00 p.m. in the rectory.

What do you do on Mondays between 2:00 and 3:30 p.m.??? If you are free during that time, perhaps you would like to exercise the Christian ethic of helping others who need you. On most Mondays throughout the year, a Mass is celebrated at Parkview Convalescent Home for those who are Catholic patients. Many from other denominations also attend. These Catholics who reside within our parish boundaries are our parishioners also. For the past four years (five in Feb.) parishioners of St. John Parish has been helping bring these patients to and from their rooms so that they are able to participate in Mass weekly. It would be great if you found yourself free on a Monday and arrived ar Parkview by 2:00 and helped with these patients and got to know them as parishioners just as you yourself are. Besides, you would get the added blessings of attending an extra Mass. Think about it ... we can always use those who might have the time ... believe me ... it is time well spent for yourself and those you are able to help.

Miss Ethel O'Connor, our coordinator for this weekly service, will be happy to make you a permanent member of the group if you let her know you are available.

The Voucher and Justice

Basic Fact IV - The Constitutional Question

Vouchers have never been considered by the U.S. Supreme Court. The issues relative to education that have been addressed by the Court all dealt with laws which gave benefits to non-public school children only, with the rationale being that they were predominately religious, and predominately Catholic. The Court has set the following requirements: the law must have a secular primary purpose and effect; it must neither inhibit nor promote religion, and it must not bring about excessive entanglements of the state with religion. In the view of many Constitutional experts, universal vouchers would meet all these tests because they have the primary purpose and effect or providing secular education for all children; they apply to **all** children rather than to just those in sectarian schools; they make no distinction on religion; and they create no reason for entanglement between state and religion.

The educational voucher program established by Proposa

Certainly the courts will have to judge a voucher system, but there is growing sentiment in the country for liberty and justice in education, and there is growing belief that the Courts will hold vouchers constitutional.

****

The educational voucher program established by Proposal H will be similar to the G.I. bill. Parents will receive an educational voucher to be used at the school of their choice.

Notice from Bulletin Editor

Bulletin material must be into the rectory office by Wednesdays at noon.

The material for the bulletin is collated on Wednesday a.m. with the hope of getting it into the first daily mail.

Baby-Sitting and Coffee and Donuts Update

Due to the terrific response to the needs for both of these areas, baby-sitting services will be offered on all Sundays monthly during the 9:00 and 11:00 Masses. If you have been disenamoured of the service at times last year and throughout the summer months, take heart! we are in business again in full force, including 5th Sundays. **We urge you to bring your small children to Room 5 in the Activity Center when you attend 9:00 or 11:00 Masses. Services are free unless you choose to bring a treat for the children.** Also, the schedule has been completed for the Coffee and Donut services which will continue to be held after the 9:00 and 11:00 Masses on four Sundays a month. We do hope that you will take advantage of this service so that you can get to know new parishioners and enjoy friends you already know. Why not try to meet at least one new family each week, inviting them to sit in your group and get to know everyone???

Thought for Donut Hour: We use coffee, creamora, sugar, stirrers, cups, tea, napkins, donuts and punch each time we attend a Donut Hour. Contributions barely pay for purchasing donuts weekly. Are you trying to give proportionately to what you use? Perhaps you can reevaluate your contribution so that at least we have enough weekly to purchase the donuts - 43 dozen - all of which are used.

The Voucher and Justice

Basic Fact V - Taxation/Voucher Proposal Gives Parents Control of Public Schools

Do parents have any effective control of the education of their children in public schools, through school boards or millage votes? More and more parents say NO. Each year more and more money is taken from parents through property taxes while enrollments decrease and achievement scores slip alarmingly. There must be an answer!

Many private schools are educating 30% better, as estab;ished by objective tests, at costs 40% lower. The big difference is parental control. In private education (as in other areas of private enterprise), the consumer shapes the market. Parents insist that the basic purpose of the school be attained; i.e., that the children learn. Private schools would not exist without learning students — and satisfied parents!

Why shouldn't parents have control of public schools as they did a century ago? If parents could select the public school appropriate to the student's needs — a basic principle with the voucher — public schools would effectively teach or lose their students.

The decision is yours. Vote for property tax reduction and better education. Effect a double reform with a single YES on Proposal H.

* * * *

Passage of Proposal H will not destroy public education. In fact, the element of competition can improve public education. Through competition, public schools will be forced to improve the quality of education.

Intercessory Prayer

"Give thanks to the Lord, proclaim his greatness; tell the nations what he has done. Sing praise to the Lord; tell the wonderful things he has done. Be glad that we belong to him; let all who worship him rejoice. Go to the Lord for help; and worship him continually." (Ps. 105)

We thank you for all your saints and for their faithfulness which gives us hope and courage.

We thank you for those you have called home to be with you. We especially thank you for those who have died during the past year in our parish. We thank you for sharing your life with us through them and we ask you to give them eternal joy and peace.

We thank you for James and Francine, for Michael and Kim and for Raymond and Mary for their oneness in Christian marriage. May they always live in your love.

We thank you for those you have called home to eternal life, including Matthew Stein and the son of Dennis and Jill Husse. May they be in your love forever.

We thank you for the new life you have shared with Brook through Baptism.

We ask your blessing on our parish events and people: our parish team, our new cantors, our Christmas Bazaar, the Blood Bank. Help us to draw close to you by drawing close to one another.

We thank you for Pope John Paul II. Give him a strong faith in you to encourage our faith.

"My brothers and sisters, strive for perfection; listen to my appeals; agree with one another; live in peace. And the God of love and peace will be with you." (2 Cor. 12)

Reading

This and much more in our Reading Racks located in main vestibule

Christians and our criminal justice system is the issue in the November/December **New Catholic World.** The prison problem is slowly replacing the race issue as the number one social injustice. Many experts in criminal justice conclude that the net result of our American justice system is a dehumanization process that makes more and better criminals. Crime has an overwhelming cost; both in money and human life.

Our Sunday Visitor highlights a new series on Advent in the November issues. Robert Comier's six articles emphasize spiritual growth and the ways the family can draw closer together at this holy time of year.

U.S. Catholic focuses this month on gambling ... **Where it Stops Nobody Knows;** on college-aged believers - **Campus Catholics;** on saints - **Do Saints Make Sense Anymore;** on the Faith - **Why Catholics Don't Know the Basics;** and on a plea from Senator William Proxmire - **Let's Stop Arming the World.**

America in November will pre-

sent two special issues - one dedicated to a roundup of books for Christmas reading or Christmas gifts; and the second dedicated to a review of books on the Bible.
